NATIONAL REPUBLICAN TICKET.

For President:

RUTHERFORD B. HAYES,
OF OHIO.

WILLIAM A. WHEELER.
OF NEW YORK.

TRUCKEE MEADOWS.

What delightful associations are linked with farm, field and meadow. The fresh Spring flowers peeping up in a thousand varied hues from amidst the waving grass; the rambler, with fishing rod, along the banks of some sparkling rivulet as it meanders through the meadow; the playful lamb skipping on the hill-side, or cattle quietly grazing in the distant pasture; or better still, the romp with sweetheart in the new-mown hay.

Thoughts such as these came pouring in upon me thick and fast as the pattering rain drops now falling (July 22d) and bringing with them all the freshness of childhood's realization, when as I gazed in wonder and delight upon the broad acres of green, thick-set grass, spread out in every direction before me, ripe for the mower, or already piled in huge haycocks for cattle in Winter, or awaiting the press to be baled for the market abroad.

TRUCKEE MEADOWS,

Including Steamboat Valley, embraces about two townships, or over 20,000 acres of good arable land, with an abundant supply of water for irrigation from the Truckee, and some smaller streams from the mountains. The valley has the appearance of once having formed a part of some great inland sea, embracing Washoe, Carson and other valleys and more recently, perhaps, was a beautiful mountain lake similar to Donner or Tahoe, with an outlet where the clear, blue waters of its principal river have broken through the mountains on their rapid course to Pyramid lake. It is less than 20 years ago since

MR. PELEG BROWN,

(Under whose hospitable roof I now write, and to whom I am indebted for much valuable information) first settled here, followed in a short time by a few more families. The meadows now support a large population. Reno, the county seat of Washoe, having sprung up in a day, as it were, on the entering of the Central Pacific, and containing at this time over 2,000 inhabitants. Another impetus was given on the completion of the Virginia and Truckee road. So in addition to all its natural advantages the valley has been highly favored. The soil has been sufficiently tested to show that good grain can be produced, although not regarded as a profitable crop. A few acres of good wheat, well headed out, were seen on the ranches of Mrs. M. J. Howard and Mr. B. G. Clow, nine miles south of Reno. Mr. E. Crane, in the same neighborhood, informed me that he had 12 acres as fine and plump as the best Wisconsin. Some small patches of oats were seen by the roadside. The choicest potatoes, some of them finding their way to California, I believe, and the tenderest cabbage, together with almost all other kinds of vegetables, are found. Within a few years much attention has been given to

FRUITS,

The smaller varieties being seen at nearly every house. Mr. T. W. Norcross, J. C. Smith and others have good blackberries, and in considerable quantity. Apples in particular, although killed this year, are represented to be excellent, being both juicy and palatable. Mr. R. P. Chapin commenced a young nursery last Spring, with 10,000 choice varieties of apples, grafted yearlings, such as "Baldwin," "Tompkins Co. king," "northern spy" and "Long Island russett." He has also 1,000 each of plums, peaches, pears, etc., and as many of walnuts, butternuts, and of chestnuts, (different varieties.) The latter were by no means so thrifty as he other trees, probably having more water than was required, as they are a native of the mountains and accustomed to a dry soil. Much room was also given to the Irish juniper, the arbor vitæ and the Norway spruce, which will in future enhance the beauty of the numerous cottonwood groves that already encircle and adorn many a home around Glendale and other parts of the meadows. Young orchards are springing up on every hand. Seven thousand dollars' worth of trees were sold here last year by an agent of a Pennsylvania nursery, saying nothing of the supply from Mr. Cooner's nursery at Reno, and from those of California.

BEES

Do well here and nearly every family has a few hives. Mr. Brown, previously alluded to, had two hives last year, from which 150 pounds have been taken, still leaving the greatest abundance for the bees to Winter on. Mr. Dickey, two miles east of Reno, informed me that he bought a hive last year, which had given off eight swarms, exhibiting a wonderful tendency to multiply. I have reason to know, from dear bought experience, some of the naughty tricks of this little architect but had forgotten, if ever aware of the fact, that it was given to theft. A lady not far from Glendale admitted to me that her bees had crossed the Truckee and robbed the hive of a neighbor, but remarked, by way [illegible] against our sense of justice and propriety, that a bad example had been first set her bees by the said neighbor breaking the comb and robbing his own bees of their honey. Another case in point and bearing a close relation to the same subject, was repeated where one swarm had attacked another and made an inroad into their works, foraging on the rich stores of the enemy, the latter had been known to fall into line and aid the foe in making an end to the repast. It was not at all improbable that in both these instances one or more of their delicate senses had been so much excited as to whet the appetite to a degree that was irresistable, the destruction of the honey following as a matter of course.

BLOODED STOCK

Has received no very considerable attention as yet. Mr. J. C. Smith has a few fat heifers of Durham blood, and a very fine full blooded two-year-old bull, large and well proportioned, and, taken altogether, a splendid specimen of his kind.

Mr. A. A. Longley has a very large two-year old colt. He was evidently proud of his Morgan Chief, and well he might be, as he measured 16 hands in hight, and had taken two premiums at the Nevada State agricultural fair. His pet two-year-old calf, if such it could be called, measuring as he did, seven feet five inches around the girth; three-fourths Durham and one-fourth Devonshire, and almost as white as the snow on the Sierras, is a real beauty, and if any larger animal of his age can be found in the State, it would well deserve a premium at any fair.

It is not much of a digression (for Henry Clay was almost passionately fond of fine stock) to say that I saw a business letter of his here, written in the year 1847.

Some say that a man's character can be judged by his hand-writing. I expected to see a bold, dashing hand, rather large than otherwise. It was fine, almost feminine, but written from side to side as straight as if it had been ruled and the lines equi-distant.

Mr Peleg Brown, who has a well cultivated ranch within a mile of Steamboat springs, has given much attention to blooded stock, but has lately disposed of most of it, as the cost of feeding during the long Winter consumed much of the profits.

HAY MAKING

Is the great business of the valley, and by far the most profitable. In addition to the native grass, which make good feed for cattle, timothy and red-top grow in the greatest luxuriance on the lowlands.

Mr. A. A. Longley sowed a piece of land in wheat as early as 1864, afterwards in timothy and red-top, and now has a crop fully up to any year in the past. The ground was never plowed. His hay has taken the premium. In fact it would be difficult to find a better or a finer quality in any country. Mr. Peleg Brown has a meadow of 200 acres, reclaimed 15 years ago; at that time being set with a short, wild grass, from six to eight inches high. He has seeded, dragged and manured the ground more or less every year, and has at this time as fine a growth of red-top and timothy as one could wish to see, standing from three to five feet in hight, and some heads of the latter measuring over nine inches in length. He thinks much of it will yield as high as four tons to the acre.

It has been discovered that a very large proportion of the sage-brush land, wherever it can be irrigated, will produce most abundant crops of alfalfa—some small lots reported as yielding 10 tons to the acre. The average for the valley would probably run from three to five tons for the three cuttings. The amount of hay cut here annually is enormous. In the mountain counties of California, 50 to 100 tons is considered a large turn out for any single farmer. Here the majority produce more than that. Very many reach 200 or 300 tons, some 500 and 600, as Messrs. Savage and Jess, Mrs. Howard and others. Mr. Brown will probably cut 800, while Mr. B. G. Clow and Mr. M. C. Lake are expected to cut each not less than 1,000 tons, making a total for the valley the present season of not less than 20,000 tons, some higher estimates having been made by Mr. Savage and neighbors. I was ready to wonder how they got rid of so much hay, but it all goes in course of the year at fair prices.

The Republicans of Virginia and Gold Hill will have a big procession after the primaries.

Senator Jones' New York hotel, the St. James, doesn't pay.

Terrible Tragedy—Murderers Caught.

AUSTIN, August 11.

Last night a fearful tragedy occurred at Isabel's ranch, on Reese river, about 31 miles from this place. The ranches of Isabel and John Wixom adjoin, and a bad feeling has long existed on the part of Isabel, on account of Wixom purchasing a ranch which Isabel had mortgaged and forfeited. This bad feeling was greatly strengthened by the recent clandestine marriage of John Isabel, a boy of 17, and Miss Wixom, aged 14. The bride's parents persuaded her to return to her home, where she has remained since the wedding, which took place a week ago. Last night Dr. Wixom of this city sent his carriage to the ranch of his brother, John Wixom, and the Isabel faction appeared to have suspected that Dr. Wixom had arrived for the purpose of removing young Isabel's wife, and to have concocted a plan for the Dr.'s assassination. During the evening several neighbors called upon John Wixom, and one of them, J. Stoner, proposed taking a ride in the carriage. Stoner, Barney McCann and John Ryan entered the carriage, which was driven by Stoner, and proceeded in the direction of Isabel's ranch. When about opposite the ranch six persons rose from the sage-brush and fired into the carriage, killing Stoner instantly. The horses then ran away and the assassins followed in pursuit, riddling the carriage with bullets and shot. When the attack was first made the murderers were close to the carriage and thrust the guns into the faces of the occupants. The people of this city are intensely excited at the dastardly act, and a strong party are in pursuit of the murderers.

AUSTIN, August 12.

The party which left here yesterday for the scene of the recent tragedy on Reese river, returned this morning. They report that the ranchers of Reese river assembled in force on the Isabel ranch yesterday and formed around the house in order to prevent the escape of any of the inmates before the officers arrived and arrested the two young Isabels and a man known as "The Mormon." After the arrests the citizens took charge of the Mormon, and strung him up, with a view to extorting a confession from him, in which they succeeded. He is reported to have confessed that himself, with the three Isabel boys did the shooting, and that one of the latter is responsible for the death of Stoner. The assassins believed the buggy contained either John Wixom or his brother, the doctor. Facts recently elicited show that after the assassination was committed the assassins pursued the buggy for a distance of fifteen miles, the darkness of the night concealing the fact that the buggy had capsized in a mud hole about one mile from the scene of the murder.

Robbery.

JACKSONVILLE, August 12.

The south bound stage leaving here yesterday afternoon was stopped on Siskiyou Mountain by two masked men, armed with shotguns. One of the highwaymen held the leaders' heads, while the other, covering the driver whith his gun, ordered him to hand down Wells, Fargo & Co.'s box and unload the mail sacks. The request was complied with, and the driver was then ordered to preceed on his way. There were four lady passengers on board, none of whom were molested. The robbers broke open the express box, in which they found only forty dollars, but it is known that there several thousand dollars in gold dust in the mail sacks, mostly from Kerbyville and Waldo, all of which was taken. The rifled mail sacks and box were found in the road this morning and brought here. Parties have started in pursuit of the robbers and Special Postal Agent Underwood has started for this point to investigate.

The Indian Troubles.

CHICAGO, August 12.

Following is General Sheridan's letter to General Sherman:

CHICAGO, August 5.—I have not yet been able to reinforce the garrisons at Spotted Tail, at Red Cloud or at Standing Rock, so as to be strong enough to combat the Indians, or to arrest and disarm those coming in. I beg of you to see the Military Committee of the House and urge upon it the necessity of increasing cavalry regiments to 100 to each company. Gen. Crook's total strength is 1,774; Terry's is 1,873, and, to give this force to them, I have stripped every post from the line of Manitoba to Texas. We want more mounted men. We have not exceeded the law in enlisting Indian scouts; in fact, not as many as the law allows, as the whole number in this division is only 114. The Indians with General Crook are not enlisted or even paid; they are not worth paying. They are with him only to gratify their desire for a fight with and their thirst for revenge on the Sioux. (Signed)

P. H. SHERIDAN, Lieut-Gen.

A letter of General Sherman's to the Secretary of War indorses the recommendation of General Sheridan and the letter of the Secretary of War recommends the same to the President, who sent the letters to the Senate yesterday.

ARM CUT.—Yesterday while the carpenters were busy patching up the old bridge, a carpenter named Parker was very badly cut in the right arm. Mr. Sellers was hewing a timber with a broad ax when the ax flew from the handle and struck Parker on the arm, cutting it diagonally a length of four inches, serving two or three blood vessels, blood flowed very freely. Dr Bergman was summoned in haste and soon placed the sufferer in a safe condition. The Dr informs us that Mr. Parker is very weak from the loss of blood, but will recover the entire use of his arm with care.

THE NEVADA PATRIOT —We found a postal card on our desk yesterday morning signed by George B. Allen, editor and publisher of the Nevada *Patriot* Mr. Allen says that owing to sickness he had been unable to issue his journal this week, but that he will publish his next paper before the first Thursday of next month He further says all the subscribers will receive the full number of the paper, and that all advertisements will be inserted according to agreement. We hope the apology of our Reverend friend will be accepted by the patrons of the *Patriot*.

MAIL WANTED.—A petition is hanging up in the Reno postoffice, receiving signatures asking for the establishment of a semi-weely mail from the Summit, in Plumas Co. Cal., to Greenville, in the same county, via Beckworth, Red Clover, Taylorville and Crecent Mills. This mail line is greatly needed and earnestly desired by the citizens of that section, and we hope their request will be granted by the Government.

PEAVINE – The Cleopatra is about the only mine upon which any work is being done in Peavine. Their tunnel is being driven ahead vigorously and some fine ore is being encountered. The Con. Poe mill and mine is still idle. The managers will not renew work until they see a clear road. The Golden Fleece is waiting for the Fryer Process. The other mines are doing nothing, and the camp and district is quite dull.

CHICKEN DINNER —The "Capital" will serve up in fine style to-day, and especially will the dinner meal be an unusually patatable one. The bill of fare embraces chicken in every style, fine roasts, rare entrees, ice cream and other deserts. Jake Becker intends to keep a good hotel if he don't make a cent. Take your folks and go to the "Capital" for dinner today. *

WOULDN'T HAVE IT.—Jim Ward says the "sharpers" around Ogden tried to "rope in" M. C. Lake, on the return trip. The old man couldn't see the joke, and the sharpers found he had cut his eye-teeth. Got to be pretty smooth to get away with Lake. He isn't easily beguiled.

MONARCH.—Pete Evans came in from Pyramid yesterday. He says the Monarch tunnel is now in 216 feet, the face in fine looking quartz, and believed to be a part of the ledge. At any rate but few feet further will tap the ledge sure. Prospecting is active on other claims in the vicinity.

GROCERIES, PROVISIONS, LIQUORS. J. C. Hagerman has on hand a large and well-selected stock of choice family groceries, which he is selling at prices with which no one can find fault. He also has a large stock of of provisions of all kinds, and fine wines and liquors.

FRUIT.—We noticed a fine display of fruit at Brookins' stand yesterday. Jeff manages to have a variety of all kinds always on hand. He is attentive to business and accommodating, which accounts for the large trade he gets.

BACK.—Mr. James Ward returned home yesterday, having been "doing" the Centennial. He liked it.

REPRESENTATIVES.—The following representatives were appointed by Haswell Lodge, No 19, I. O. G. T, last Friday night to attend the Grand Lodge which meets in October: Granville Dodge, S. E. Welch, Miss Eva Barnes. Alternatives, J. T. Laycock, J.W. Maddrill and Miss Lizzie Leake.

POOR HOUSE.—The poor house will be ready to turn over to the county next week. The contractor, Wm. Thomson, has done his work well.

TEN pounds of ore taken at random from the Nevada Quicksilver mine, yielded ten ounces of quicksilver, which is splendid.

ANOTHER patch in the old bridge yesterday. This time a pier. When will it be replaced entirely?

RELIGIOUS.—Rev. Geo. B. Allen will officiate in the Episcopal Church this morning, and evening also.

CLUB ROLL.—The Reno Hayes and Wheeler Club roll shows 131 names. We are moverin' along.

MANY of our merchants complain of the dull times.

STATE POLITICAL NOTES.

The delegates to the Republican State Convention from Lander county are: James Brown, J. A. Blossom, F. H. Hart, D. C. McKenney, M. J. Farrell, James Murray, and Jacob Drefuss. Lander, it seems, has elected two more than her quota.

The Carson *Appeal* says the Republican ratification meeting at Carson on the 24th inst., is going to surpass anything in the way of political gatherings ever seen in this State.

W. L. French, and C. H. Stoddard are two of the delegates from Humbolt county to the Republican State Convention.

BIG LAW SUIT.—We notice in the Sutro *Independent*, that S. C. Barnes, D. T. Meagher and R. M. Daggett have commenced suit against the California mine, for the ground of that company of the value of $4,000,000, on the strength of a deed executed to them by John Bishop, one of the early locators and prospectors of the Comstock lode. They claim that the deed in the hands of the California Company, purporting to have been executed by John Bishop to that company, is a forgery and that they have abundant evidence of the same. S. C. Barnes was a former resident of Pioche. The case is now in the United States Circuit Court.

GREY & ISAACS, the rulers and regulators of prices of the dry goods trade in Reno, are doing an immense business in their new store on Virginia street, next door to Beck & Co., and opposite their old stand. This wide-awake young firm has revolutionized the dry goods trade in Reno, and intend maintaining their great popularity, if low prices and fair dealings will accomplish it. They have extraordinary facilities for purchasing goods, and are daily in receipt of the latest novelties known to the European and American trade. Ladies will save money by patronizing this energetic young house, for not only have they convinced the entire population of Reno that they have sold goods lower than the same could be bought in San Francisco, but are determined to still continue to run in the same channel. Notwithstanding the enormous advance in the price of Calico, they still continue to sell 16 yards for $1. Special reduction in black silks and carpets. Ladies just step into the "Centennial" and feast your eyes on the magnificent stock of goods, as your true friends, Grey & Isaacs, will always be pleased to show you their complete assortment of goods, whether you want to buy or not. *

WESTERN STAR SALOON.—B. Pendola, the proprietor of this saloon which is situated on the west side of Center street, keeps constantly on hand the choicest beverages of all kinds and the best brands of cigars. Among his choice drinks are Pendola's favorite, pineapple, cabinet, Pendola's punches and the renowned ambrosial cocktails, all of which are daily dispensed at the Western Star. Every attention is paid to patrons. Order and civility is the rule at this saloon. *

FIRE INSURANCE.—Parties desiring insurance against loss by fire will find it to their advantage to call upon J. K. Everett, at Larcombe's store, corner Second and Sierra streets. Reno, Nev. INDICTMENT—"We charge the Democratic party with being the same in character and spirit as when it sympathized with treason; with making its control of the House of Representatives the triumph and the opportunity of the nation's recent foes; with re-asserting and applauding at the National Capitol the sentiments of unrepentant rebellion; with sending Union soldiers to the wall and promoting Confederate soldiers to the front; with deliberately proposing to repudiate the plighted faith of the Government; with being equally false and imbecile in overshadowing the ends of justice by its partisan mismanagement and obstruction of investigation; with proving itself through the period of its ascendancy in the Lower House of Congress, utterly incompetent to administer the Government, and we warn the country against trusting a party thus alike unworthy, recreant and incapable,"

PUBLIC SCHOOLS—"The Public Scoool System of the several States is the bulwark of the American Republic, and with a view to its security and permanence, we recommend an amendment to the Constituiion of the United States forbidding the appropriation of any public fund or property for the benefit of any school or institution under sectarian control.

"HARD MONEY" PLANK—In the first Act of Congress signed by President Grant, the National Government assumed to remove any doubt at to its purpose to discharge all its just obligations to public creditors, and solemnly pledged its faith to make provision, at the earliest practicable period, for the resumption of United States notes in coin. Commercial prosperity, public morals and national credit demand that the promise be fulfilled by a continuous and steady progress toward specie payment.

POLYGAMY—The Constitution confers upon Congress sovereign power over the Territories of the United States, for their government, and in the exercise of this power it is the right and duty of Congress to prohibit and extirpate in the Territories that relic of barbarism, polygamy; and we demand such legislation as shall secure this end and the supremacy of American institutions in all the Territories.

THE CHINA PLANK—It is the immediate duty of Congress to fully investigate the effect of the immigration and importation of Mongolians upon the moral and material interests of the country.

MISCELLANEOUS.

HAS RETURNED!

DR. SPINNEY & CO.

Would most respectfully announce to the afflicted that they have reopened a Branch Office

Cor. Union and C Streets,

(Opp. International Hotel)

VIRGINIA CITY, NEVADA.

Where they still continue to treat Chronic and Private Diseases with unparalleled success.

LADIES AND GENTLEMEN

Remember, that procrastination is the thief of time If you are ill,

COME AND BE HEALED!

IT MATTERS NOT what your troubles may become and let the Doctors examine your case It will cost you nothing for consultation, so please call and satisfy yourselves whether they understand your case If curable they will tell you so, if not, they will tell you that, for they will not undertake a case unless confident of effecting a cure.

YOUNG MEN!

Why may be suffering from the effects of youthful follies or indiscretions will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. S. & CO. will guarantee to forfeit five hundred dollars for every case of seminal weakness or private diseases of any kind or character which they undertake and fail to cure. They would therefore say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last If you are bordering on the last, and are suffering some of the evil effects, remember that if you obstinately persist in procrastination, the time must come when the most skillful physician can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief In no case have they failed of success Then let not despair work itself upon your imagination, but avail yourself of the beneficial results of their treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

MIDDLE-AGED MEN!

There are many of the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin and milky hue, again changing to a dark and torpid appearance. There are many men who die of this disease, ignorant of the cause, which is the second stage of seminal weakness Drs S & Co will guarantee a perfect cure in all such cases, and a healthy restoration of the genito urinary organs.

DR. SPINNEY is well known as founder of the Montreal (C E) Medical Institute, and late proprietor of the Spinneyville Infirmary.

DR. H. J. SPEER

Now associated with Dr Spinney, is a regular graduate of Harvard College and having had a large experience in hospital and special practice, is now one of the most competent physicians in America for the treatment of Chronic and Special Diseases
